

PowerSync Cart[®] 40 for iPad and iPad mini

Introducing the new PowerSync Cart 40, the world's first app-enabled charge and sync cart for iPad devices.

The PowerSync Cart 40 sets the new standard with ground breaking features that allow you to remotely check connected devices, freeing up time for you to focus on other tasks.

With the companion PowerSync+™ app, you'll always know once your iOS devices are fully charged and ready to go. You can even be notified when devices are removed after hours.

But we didn't stop there.

The PowerSync Cart 40 now offers greater capacity, optimized charging and enhanced security all while keeping true to the standards set by the PowerSync[®] family of products.

REMOTE STATUS

The PowerSync+ app for iPhone can notify you when devices are fully charged.

FULL-RATE, FULL-TIME CHARGE

Provides maximum charging rate, even while connected to your Mac.

NEXT GENERATION SECURITY

Beyond the all steel construction, the PowerSync Cart 40 can alert you when devices are removed.

FLEXIBILITY

The PowerSync Cart 40 offers greater capacity in a tighter footprint. The completely redesigned divider system is reconfigurable offering maximum flexibility for protective cases.

READY TO GO

With pre-installed Lightning cables, simply plug in the cart and it's ready to go, right out of the box.

WORKS WITH APPLE CONFIGURATOR

Configure and refresh your connected devices with the latest apps and settings for your organization.

Courtesy shelf is designed to store host Mac or additional accessories.

Newly designed cable management positions the cables at the front for easy access. Laser-cut numbers help keep your devices organized.

Out-of-the-box configuration holds 40 devices with or without case.

Dividers can be easily reconfigured on-the-fly to accommodate a variety of wider cases.
