

Bretford Digital Learning Cart

TY175LL/A

The **Bretford Digital Classroom Cart** provides easy instructor access to all your electronic components used in the classroom while making them easy to transport and keeping them securely stored.

Supports all MacBook notebooks with up to a 17" screen and the iPod shuffle, nano, classic and touch

Share music, photos, video or surf the web with the entire class

FEATURES:

- Designed to support presentation equipment used in the classroom including:

Notebook Computer	Data Projector
Document Camera	DVD Player
Digital Camera	19" Rack Mounted Equipment
MP3 Player	Audio Speaker System
- Pull out notebook shelf at standing height makes it easy for an instructor to plug in and use their computer. When they are done they simply unplug and the cart is ready for the next use.
- Data projector pulls out of the cabinet for easy access to controls and to dissipate heat and locks away when done.
- Data pass through plate on the side panel make it easy for external equipment such as computers, document cameras or MP3 players to interact with the equipment inside the cart.
- 19" rack mount rails feature 14 units of spacing for a variety of equipment and include two shelves for other equipment.
- Compact footprint easily fits between a row of students and makes storage simple when not in use.
- Handle and 5" casters make it easy to move the cart while the handle offers protection for side panel mounted data pass through plate and cord winder.
- Includes a 10-outlet electrical unit.
